

Scenario 1: The Podcast Lecture

- # Faculty member records her lecture for podcast to class members

Scenario 2: The Multimedia Lecture Series

- # Multiple faculty contributors
- # Institutional technical support
- # Video, text, images, graphics, sound
- # Fair use
 - Faculty contributors relied on fair use to incorporate others works into the lecture series

Scenario 3: Digital Distribution of Course Materials to Students

- # Faculty members make digital copies of course materials available to students for supplemental study:
 - Through course management system
 - Through library's electronic reserves
 - Through university's digital coursepack operation
